MADE TO MEASURE

Is your bra right for you? Wearing the wrong size is more common than you'd think, and could be causing backache, postural problems, and be denying your breasts the support they need. Grab a measuring tape – it only takes a minute or 2!

STEP 1

Measure your underband (around your rib cage, below the bust) in inches.

STEP 2

Measure your overbust (across the fullest part of your bust) in inches.

STEP 3

Round them to the nearest inch and find your size
